Interest costs of the Company decreased from Rs.1.14 crores in Financial Year 2019-20 to Rs.0.36 crores in 2020-21 following the repayment of liabilities and negotiation of better terms with bankers. Now, your Company is debt-free.

DIVIDEND:

Considering the Company's performance for the Financial Year 2020-21, your Directors felt it would be appropriate to declare the dividend. At the same time, conserving of resources is required to meet future financial requirements of the Company. Hence, your Directors are pleased to inform that the Board of Directors at their Meeting held on 24.6.2021 recommended a Dividend of Rs.1.50 ps (One rupee fifty paise) per share (@ 15% on 8,49,71,600 Equity Shares of face value of Rs.10/- per each Share) for the Financial Year 2020-21. The Dividend, if approved by the Members at the ensuing Annual General Meeting of the Company, will be paid to all the eligible Members, involving a total cash outflow of Rs.12.75 crores. The Dividend shall be subject to deduction of Income Tax at source.

The payout of Dividend is in line with the Company's policy to meet its Long-Term growth objectives.

Pursuant to the provisions of Regulation 43A of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 the Company has formulated its Dividend Distribution Policy which is available on the website of the Company www.theandhrapetrochemicals.com

CAPITAL & RESERVES:

The Authorised Capital of the Company is Rs.125.00 crores and the Paid-up Capital is Rs.84.97 crores.

Reserves:

The total Reserves position as on 31.3.2021 stood at Rs.218.74 crores as against Rs. 138.50 crores for the previous year 2019-20.

MANAGEMENT DISCUSSION AND ANALYSIS:

INDUSTRY STRUCTURE AND DEVELOPMENTS:

COVID-19 Pandemic forced both the State and Central Governments to impose lock-downs across the Country for most part of the first half of the Financial Year 2020-21 hampering all economic activities. The health and well-being of our employees became a top priority for the Company. The challenge posed by the COVID-19 is unprecedented.

During the Financial Year 2020-21 the Plant was shut down for a period of 35 days.

In spite of the COVID-19 crisis and Plant shut-down, your Company could manage to post a Net Profit of Rs.76.47 crores (after Tax) for the year under review, due to the International / National Product Prices coupled with implementation of cost reduction / Energy Savings measures. Moreover, your Company developed BPCL-KOCHI as alternative raw material (Propylene) supplier, which to some extent diluted the Risk of single source.

OPPORTUNITIES AND THREATS:

Estimated demand of Oxo-Alcohols at 2,75,000 MTPA, with healthy growth rate of 8% to 10% per annum, in general, is a good opportunity for the Company with existing capacity of 80,000 MTPA, considering the huge demand-supply gap in the country. As such, there are no constraints in the Company's Production capability as Hindustan Petroleum Corporation Limited (HPCL) is able to meet the Company's full Propylene requirement. Sales Realization is also expected to improve on account of extension of the Anti-Dumping Duties by 5 more years in the recent Sunset Review by the Govt. of India on imports from certain countries.

However, commissioning of BPCL Oxo-Alcohols plant at Cochin in 2021-22, downturn in product price scenario internationally and dumping of the products and currency fluctuations may impact the Company's performance to some extent.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY:

As required by the provisions of the Companies Act, 2013, Internal Control Systems Report has been appended to Independent Auditor's Report given by Statutory Auditors for the Financial Year 2020-21. The Company has Internal Control Systems commensurate with the size of its business operations. A Chartered Accountants firm is engaged to carry out Internal Audit covering the entire operations. The audit firm submits Internal Audit Report periodically with their suggestions and/or corrections. Audit Committee critically deliberates and reviews such Internal Audit Reports and ensures effectiveness of the control systems through necessary recommendations.

MATERIAL DEVELOPMENTS IN HUMAN RESOURCES / INDUSTRIAL RELATIONS:

In the area of Human Resources, the employees are being trained to meet the Plant requirements from time to time by motivating them in a positive way and the Industrial Relations continued to be cordial throughout the year.

The total number of employees employed as on 31.3.2021 is 290.

FUTURE OUTLOOK:

Your Company's performance is expected to be reasonable in view of India's GDP growth in the Financial Year 2021-22 projected by the World Bank and forecast of International Petrochemicals prices. However, the disrupted business environment due to the COVID-19 Pandemic may impact the performance to some extent.

Though your Company signed Natural Gas (NG) term sheet agreement with GAIL in the year 2019, the NG Project got delayed. As per the GAIL's revised project schedule, the NG Project is going to be completed by Q3 of 2021-22 and the NG is expected to be available from Q4 of 2021-22 and may likely bring down the cost of production. However, the cost benefit will be based on the NG prices which are going to be fixed once in every six months. The Company's performance to a large extent is dependent on international supply and demand for these products and their prices which are influenced by crude prices, exchange fluctuations and dumping by sources other than that covered by Anti-Dumping Duty.

RISKS AND CONCERNS:

Your Company is depending for its major raw material i.e., Propylene from a single source - HPCL Visakha refinery. However, the risk is built in the project evaluation. Risk is slightly diluted to some extent this year by sourcing Propylene from BPCL - KOCHI when HPCL plant was under shutdown / maintenance.

Crude prices, Exchange rate fluctuations are also a matter of concern.

CAUTIONARY STATEMENT:

The statements describing the Company's outlook, estimates or predictions may be forward-looking statements based on certain assumptions of future events. Actual results may differ materially from those expressed or implied, since the Company's operations are influenced by external or internal factors. Your Company closely monitors all major developments likely to affect the Operations and will respond to meet the potential threats and to gain from any possible opportunities.

DEPOSITS:

During the year under review, your Company did not accept any deposits within the meaning of provisions of the Companies Act, 2013 read with the Companies (Acceptance of Deposits) Rules, 2014.

SAFETY, HEALTH AND ENVIRONMENT:

Your Company has evolved Safety, Health and Environment Policy.

Safety:

- + Company has completed 15.63 million accident-free man-hours in the last 12 years
- + Total 2,160 man-hours used for conducting Safety PEP talks, Safety induction training and refresher trainings for employees including Contract / Contractor workmen and truck drivers.
- + Safety of Human and Plant assets are of top priority to the Company. Continuous training of personnel at various levels on safety and strict compliance of regulations is ensured which resulted in another accident-free year.

Health:

Health monitoring of all employees including contract labour and canteen workers is done on regular basis.

The Andhra Petrochemicals Limited

Environment:

Online emission, Ambient air and effluent monitoring systems are in place. Data is being transmitted to Central Pollution Control Board (CPCB) and Andhra Pradesh Pollution Control Board (APPCB) for monitoring.

INSURANCE:

All the insurable assets of the Company including Plant and Machinery, Buildings and Inventories are insured on reinstatement value basis.

Land taken on Lease from Visakhapatnam Port Trust

Your Company has taken on lease 75.00 Acres of land from Visakhapatnam Port Trust (VPT) on which Oxo-Alcohol Plant has been established. The land is located adjacent to HPCL, Visakha Refinery which supplies major Raw Materials. In this connection, a Lease Agreement was entered into on June 27, 1989 with VPT for a period of 30 years which expired on June 26, 2019.

Your Company submitted Technical Bid on VPT website and Financial Bid in the year 2019. Also, on the advice of VPT, Company participated in E-Auction. VPT further advised the Company to submit the Manufacturing Process of the Company and the same was submitted to them. VPT informed the Company that for various reasons the Tender has been cancelled. VPT released another fresh Tender for the said land on Commercial Lease Rentals instead of Industrial Lease Rentals. Your Company filed a Write Petition on 8.9.2020 challenging the cancellation of the earlier Tender. The Hon'ble High Court of Andhra Pradesh has granted Stay Order on 15.9.2020 and asked VPT to submit the Counter. The Petition came up for hearing on 27.1.2021. As there was no Counter from VPT, the Hon'ble Court extended the Stay Order till further orders. As per legal advice the Company also paid land rentals of Rs.23.59 crores (for the period from 27.6.2019 to 31.3.2022) to the VPT on 30.4.2021 as the Land has been already in use by the Company.

I) CONSERVATION OF ENERGY

1. Steps taken or impact on conservation of energy:

- (a) **Ethyl Propyl Acrolein Interchanger:** This is a Kaizen Idea generated internally. Here aldol reactors solution temperature will be interchanged with the EPA decanter solution by the addition of EPA interchanger to increase the temperature from 40 degrees to 100 degrees before going to Vaporizer. Due to the increase in feed temperature of Vaporiser the steam requirement to Vaporizer has come down to 500 Kg/hr (4140 MT/annum) & also reduced the waste generation rate to 100 kg/hr (588 MT/annum) & increased the 2-EH Production by 1 MT/day (345 MT/annum). The overall savings expected with this Project is around Rs.3.2 crores/annum (achieved Rs.1.79 crores in 7 months operation).
- (b) **REFINING COLUMN HEAVIES RECYCLE PROJECT:** This is one more Kaizen Idea generated internally. In this Project, Refining column heavies will be recycled to Vaporiser & 2-EH content in the heavies will be recovered. With this Project, Company could recover/produce extra 310 MTs of 2-EH per year & saves 36 batch still operations in a year which results in overall savings of around Rs.2.00 crores per year.
- (c) **Reformer Energy Saving Coating:** Heat resistance coating has been applied inside the reformer & achieved savings of around Rs.72.00 lakhs/annum.
- (d) **Fuel saving by isolation of standby ZNO beds:** By isolating 2 Zinc Oxide beds, Company has saved around Rs.16.00 lakhs/annum.

2. Steps taken by the Company for utilising alternate sources of energy.

Company could not initiate any steps in this regard in view of the non-viability.

3. Capital investment on Energy conservation equipments: Rs.20.00 lakhs.

II) TECHNOLOGY ABSORPTION, ADAPTATION AND INNOVATION:

- a) **Efforts made & Benefits:** Technology has been fully absorbed and various innovative ideas enable the Company to operate the Plant even above 105% load.
- b) **Imported Technology:** NIL
- c) **Expenditure incurred on Research & Development:** NIL

[Pursuant to section 204(1) of the Companies Act, 2013 and Rule No.9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To
The Members,
The Andhra Petrochemicals Limited,
Venkatarayapuram,
Tanuku - 534215,
West Godavari District,
Andhra Pradesh.

We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **The Andhra Petrochemicals Limited** (hereinafter called "the company"). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on our verification of The Andhra Petrochemicals Limited's books, papers, minute books, forms and returns filed and other records maintained by the company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, we hereby report that in our opinion, the company has, during the audit period covering the financial year ended on 31st March, 2021 ("Audit Period"), complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on 31st March, 2021 and made available to us, according to the provisions of:

- (i) The Companies Act, 2013 (the Act) and the rules made thereunder;

SECTION - E

PRINCIPLE-WISE PERFORMANCE:

The following are the updates for the Company on each of the Principles stated in the National Voluntary Guidelines on Social, Environmental and Economic Responsibilities of Business issued by the Ministry of Corporate Affairs (MCA).

PRINCIPLE -1: BUSINESSES SHOULD CONDUCT AND GOVERN THEMSELVES WITH ETHICS, TRANSPARENCY AND ACCOUNTABILITY

The Andhra Petrochemicals Limited was incorporated in the year 1984. Since inception, Company's emphasis has been on pursuing high standards of Ethics in its Business Process. The Company strictly believes in maintaining high standards of Corporate Governance, Transparency in disclosures, regulatory compliance, good operational practices, strong internal controls, integrity with all its Stakeholders namely Shareholders, Customers, Suppliers, Employees, Regulatory Authorities and Public at large. Company is of the view that as a responsible corporate citizen, all regulatory disclosures are made in a transparent manner.

Company's Board of Directors is headed by Chairman. Board comprises 6 (six) Independent Directors who provide guidance and support to the Management in laying down the Policies to be followed in pursuit of its goals.

The Board has constituted the following Committees:

- i) Audit Committee
- ii) Nomination and Remuneration Committee
- iii) Stakeholders Grievance / Relationship Committee
- iv) Corporate Social Responsibility Committee

The above Committees perform as per the well defined Scope & Terms of reference and recommend to the Board the matters considered by them. The Company has also Whistle Blower Policy and Mechanism in its place. This Policy envisages the right of any employee, irrespective of position in the Organisation hierarchy, to report to the Management or Chairman of the Audit Committee any unethical practice, wrongdoings prevailing in the Company. This Policy provides adequate safeguard against victimization against the person who is whistle Blower.

Shareholders and other Stakeholders grievances are also addressed with utmost earnestness to resolve the grievance, if any, to their satisfaction.

It is uppermost endeavour of the Company to encourage all the Stakeholders to maintain high ethical standards in dealing with the Company.

PRINCIPLE -2: BUSINESSES SHOULD PROVIDE GOODS AND SERVICES THAT ARE SAFE AND CONTRIBUTE TO SUSTAINABILITY THROUGHOUT THEIR LIFE CYCLE

The Company is in the manufacturing of Oxo-Alcohols which goes into the production of paints, rubber etc., products. In this context, the Company's focus has always been to provide Quality Products to end-users. Company effectively monitors the Production Process to bring about improvement in Production Quality by adopting new Technology emerging from time to time. Company highly values environmental sustainability. In spite of being in the manufacturing of Hazardous Chemicals, it ensures that the Plant is highly energy sustainable with lower emission of gases. Pollution Control Board Norms are strictly adhered to in discharge of effluents. Company strives to adopt latest technology to ensure the sustainability of environment.

Company started its advent with the manufacture of Oxo-Alcohols at its Plant at Visakhapatnam, Andhra Pradesh. Payments are made within the statutory due dates. Interactions with the Customers are made with personal touch.

PRINCIPLE - 3: BUSINESSES SHOULD PROMOTE THE WELLBEING OF ALL EMPLOYEES

Management firmly believes and considers Employees of the Company as Human Assets. Dr. Mullapudi Harischandra Prasad, former Managing Director of the Company and founder of our Company's Promoter (The Andhra Sugars Ltd.) always used to address Employees as "Family Members". Employee relationship has always been amicable. We report with pride that since incorporation in the year 1984, there has been no instances of any strike or lockout. This is testimony to the fact about the fruitful bondage between the Employer and Employee. Constant and concerted efforts are made to create an atmosphere of Employee Development from time to time taking into account the age and experience of an Employee. In case a need arises, outside Consultants are called to impart in-house training to the Employees to enable them to acquaint themselves with latest developments concerning their area of operations. In certain cases, Employees are sponsored to attend Seminars and get Outside Training with a view to help to develop their skill and be better equipped to meet their organizational commitments. Equally important for the Company are Health and Safety of the Employees. Staff and Workers have regular health check-up. Monitoring of health of all employees including contract labour and canteen workers is done on a regular basis. In respect of Safety of Employees, utmost care is taken to ensure that all required safety gadgets are provided to Workers at Plant. Safety trainings are conducted periodically to emphasise the importance of safety awareness at work place. As one of the important aspects of HR Policy, the Company does not discriminate against any Employee on the basis of Caste, Creed, Colour or Gender etc. For Company, Merit and Contribution are the only criteria to judge the upgradation of an Employee. Management of the Company would like to place on record the sincere efforts and unstinted support of Employees at all levels for their valuable efforts put in which have been instrumental in making Company scale greater heights.

Company has evolved Safety, Health and Environment Policy.

Given hereunder the Particulars:		
1	Total Number of Employees	290
2	Total Number of Employees hired on temporary / contractual / casual basis	11
3	Number of Permanent Women Employees	2

a	Permanent Employees	277
b	Permanent women Employees	2
c	Casual / Temporary / Contractual Employees	11
d	Employees with Disabilities	NIL

PRINCIPLE - 4: BUSINESSES SHOULD RESPECT THE INTERESTS OF, AND BE RESPONSIVE TOWARDS ALL STAKEHOLDERS, ESPECIALLY THOSE WHO ARE DISADVANTAGED, VULNERABLE AND MARGINALIZED

Company values every Stakeholder and there is a reciprocal relationship valuing and respecting each other's sentiments. Company started its Business Venture with Oxo-Alcohols business. In general, the needs and concerns of every Stakeholder, be it Shareholder, Customer, Supplier, Employee and anyone connected with the Company in any manner whatsoever, are viewed in proper perspective to come out with solutions to the mutual satisfaction.

PRINCIPLE - 5: BUSINESSES SHOULD RESPECT AND PROMOTE HUMAN RIGHTS:

Company strongly believes that respecting Human Rights is Corporate's sacred duty. It has always been the earnest endeavour of the Company to treat people with dignity in the course of dealings. Company respects and promotes Human Rights and in this context, Company sincerely endeavours to give prime importance to aspects like diversity, anti-discrimination, equal opportunities, compliance with regulatory matters with the highest integrity thus contributing to promotion of Human Rights. Stern disciplinary action is taken against the employee who disregards the Human Rights in course of his / her employment.

PRINCIPLE - 6: BUSINESSES SHOULD RESPECT, PROTECT AND MAKE EFFORTS TO RESTORE THE ENVIRONMENT:

The Policy covers the Company only. The Company has taken up initiatives to address environment issues as outlined below:

Development of 5,000 plants per year in Visakhapatnam Beach Road and another 5,000 plants per year at Visakhapatnam Air Port for a period of 5 years under Green Visakha Plantation Programme commencing from the year 2012-13.

The Andhra Petrochemicals Limited

Emission(s) / waste(s) generated by the Company is / are within the permissible limits given by Central Pollution Control Board (CPCB) / AP State Pollution Control Board (APPCB) and there are no Show Cause Notices received from CPCB / SPCB.

Online emission, ambient air and effluent monitoring systems are in place. Data is being transmitted to CPCB and APSCB.

PRINCIPLE - 7: BUSINESSES WHEN ENGAGED IN INFLUENCING PUBLIC AND REGULATORY POLICY, SHOULD DO SO IN A RESPONSIBLE MANNER:

For any policy advocacy Company recognizes the importance of being extremely responsible and highly ethical while taking matters with relevant Government bodies. As and when it is felt necessary, the Company makes representations to the relevant bodies to seek solutions to the problems faced by various sectors of business thus ensuring that the Business Operations are in right direction.

PRINCIPLE - 8: BUSINESSES SHOULD SUPPORT INCLUSIVE GROWTH AND EQUITABLE DEVELOPMENT:

Company was incorporated in the Year 1984 with its Plant at Visakhapatnam. Since then, Company strongly believed that benefits of Industrialisation should percolate to the community around.

In this regard, our commitment to society began way back in the year 2014. To this end,

- Company helped to undertake door to door Eye screening in Mindi village to make it blind-free area through Sankar Foundation Eye Hospital
- Company provided furniture such as Tables, Chairs, Almaras and Playground leveling etc., in schools situated in Mindi area, Visakhapatnam, namely, Mandal Praja Parishad School, ZPH School, Mandal Praja Parishad School, Ramnagar.

PRINCIPLE - 9: BUSINESSES SHOULD ENGAGE WITH AND PROVIDE VALUE TO THEIR CUSTOMERS AND CONSUMERS IN A RESPONSIBLE MANNER:

The Company highly values the Customers' loyalty. To achieve this, Company focus has always been to ensure that the Company is committed to give its Customers best Product, best Price and committed Delivery Schedule. Marketing Personnel work closely with the Customers and closely interact with them to understand their changing needs in respect of various attributes of the Products. R&D is committed to look into and work upon the changes and successfully implement the same. The Products go through tight Quality Control Procedure before entering the Customers' godown. Products are packed in the required Packing containers and bear labels as per the Regulatory Mandate. The Company never indulge in any kind of misleading Advertisements. During the preceding Financial Year 2020-21, no case is filed regarding anti-competitive trade practice by Competition Commission of India.

Business Responsibility Polices:

Though the Company does not have Policies other than those mandated by the Statute, it has adopted and follow the best Business Policies with all Stakeholders' interest uppermost in view. Policies mandated by Statute are displayed on Company's website: www.theandhrapetrochemicals.com

Reporting of Business Responsibility is applicable to the Company for the first time from the Financial Year 2020-21. The Managing Director and other Directors monitor and review the matters relating to Business Responsibility periodically to ensure that the Business activities are monitored in right direction. Every Business function is reviewed in detail and if required, corrective measures are taken by Statutory Auditors and Cost Auditors so as to ascertain that there are no financial irregularities. Emphasis is placed on following best Corporate Governance.

INDEPENDENT AUDITORS REPORT

TO
THE MEMBERS OF
THE ANDHRA PETROCHEMICALS LIMITED, Tanuku

Report on the Audit of the Financial Statements**Opinion**

We have audited the accompanying financial statements of **THE ANDHRA PETROCHEMICALS LIMITED** ("the Company"), which comprise the Balance Sheet as at March 31, 2021, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the accompanying financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, the profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Sl. No.	Key Audit Matter	How our audit addressed the Key Audit Matter
1	Valuation of Investments in Unquoted Equity Shares of Andhra Pradesh Gas Power Corporation Ltd (APGPCL)	
	<p>The valuation of the investments involves judgement and continues to be an area of inherent risk because quoted prices are not readily available.</p> <p>As per the MOU between the APGPCL and its shareholders, each shareholder is entitled to receive power generated in proportion to its shareholding at cost of generation plus 20% of its overheads which is substantially lower than the price charged by DISCOMs.</p> <p>In the absence of any transfer of shares of APGPCL during the year under audit the fair value of the shares has been determined by using "discounted cash flow" method in respect of savings in cost of power in future years.</p> <p>Refer Note 3.2 to the Financial Statements</p>	<p>We assessed the managements' approach to valuation for these investments by performing the following procedures:</p> <ul style="list-style-type: none"> ■ We have verified data inputs used in the valuation models based on historical trends. ■ We evaluated the methodology and assumptions used by management, including reasonableness of the discounted cash flows, growth rate and discount rate applied by comparing it with the Indian Government Bond rate for a similar period. ■ We tested the calculation of the fair value based on the assumptions applied. ■ We found the disclosures in the financial statements to be appropriate. <p><i>Conclusion:</i> Based on the work performed and the evidence obtained, we consider the methodology and assumptions used by management to be appropriate.</p>
2	Estimation of decommissioning and restoration provisions	
	<p>The determination and valuation of provision is highly judgmental by its nature, as they are calculated based on assumptions that are impacted by future activities and the legislative environment in which the company operates.</p> <p>Refer Note 2.37 to the Financial Statements</p>	<p>Our audit procedures to assess the decommissioning provision included the following:</p> <ul style="list-style-type: none"> ■ We assessed the valuation methodology ■ We evaluated the reasonableness of key assumptions applied by the management to calculate the provisions. ■ We tested the calculation of the provisions. ■ We checked the accuracy and relevance of the input data used. ■ We found the disclosures in the financial statements to be appropriate. <p><i>Conclusion:</i> Based on the work performed, we found management's assessment to be reasonable based on available evidence.</p>

3	Estimation of Lease liability
	<p>Measurement of lease liability for the land taken on lease from Visakhapatnam Port Trust (VPT) involves significant judgement, as they are calculated based on terms & conditions of the tender floated by VPT and the financial bid submitted against the tender, which was later on cancelled and issued for re-tender. Due to its vast nature, even small changes in the terms of the lease agreement can have a material impact on the estimated lease liability and right of use asset.</p> <p>Refer Note 2.41 to the Financial Statements</p> <p>Our audit procedures, among others included the following:</p> <ul style="list-style-type: none"> ■ We obtained an understanding of the terms and conditions of the VPT's Land renewal lease policy "e-Tender cum e-Auction" to evaluate the appropriateness of key assumptions applied. ■ We have gone through the outcome of the original tender, legal opinion, interim stay order from Hon'ble High Court of Andhra Pradesh for re- tender and supporting evidences of lease rental payments to evaluate the reasonableness of the managements' judgment that the lease will be allotted to the APL. ■ We assessed the methodology adopted and assumptions used by management, including reasonableness of the discounted cash flows and discount rate applied. ■ We found the disclosures in the financial statements to be appropriate. <p><i>Conclusion:</i> Based on the work performed, we found management's estimation to be reasonable based on available evidence.</p>

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this "other information", we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure, and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure- A" a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by Section 143(3) of the Act, based on our audit we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the relevant books of account.
 - d) In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
 - e) On the basis of the written representations received from the directors as on March 31, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2021 from being appointed as a director in terms of Section 164 (2) of the Act.
 - f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure-B". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
 - g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

The company has neither paid nor provided any remuneration to any of the Directors of the company. Accordingly, the question of reporting under the provisions of section 197(16) of the Act does not arise.
 - h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements.
 - ii. The Company did not have any long term contracts including derivative contracts for which there were any material foreseeable losses;
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the company.

ANNEXURE-B TO THE INDEPENDENT AUDITORS' REPORT

Report on the Internal Financial Controls over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of THE ANDHRA PETROCHEMICALS LIMITED ("the Company") as of 31st March 2021 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Board of directors of the company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by ICAI and the Standards on Auditing prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Ind AS financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that:

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Ind AS financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

1.2.2 Recent Accounting Pronouncements -Standards issued but not yet effective

Ministry of Corporate Affairs has not issued any notifications for new standards or amendments to the existing standards which will be effective from the reporting periods beginning on or after 1st April 2021.

1.2.3 Basis of Preparation

These financial statements are prepared under historical cost convention on accrual basis except for the following -

- Certain financial instruments which are measured at fair values,
- Assets held for sale measured at fair value less cost to be incurred to sell, and
- Defined benefit plans - plan assets measured at fair value.

Accounting policies have been consistently applied except where a newly issued Accounting Standard is initially adopted or a revision to an existing Accounting Standard requires a change in the accounting policy hitherto in use.

1.3 Use of Estimates:

The preparation of financial statements in conformity with Ind AS requires management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies, the reported amount of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and reported amount of revenues and expenses during the reporting period. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods. Application of accounting policies that require critical accounting estimates involving complex and subjective judgments and the use of assumptions in these financial statements have been disclosed in note 4. Accounting estimates could change from period to period. Actual results could differ from the estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements.

1.4 Current versus Non-current classification

All assets and liabilities in the balance sheet are presented based on current/ non-current classification.

An asset is treated as current when it is:

- expected to be realised or intended to be sold or consumed in normal operating cycle
- held primarily for the purpose of trading
- expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalents unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period. All other assets are classified as non-current.

A liability is treated as current when it is:

- expected to be settled in normal operating cycle
- held primarily for the purpose of trading
- due to be settled within twelve months after the reporting period, or
- there is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The company has identified twelve months as its operating cycle.

1.5 Revenue recognition:

Revenue is recognised as and when the entity satisfies a performance obligation by transferring a promised goods or services (i.e., an asset) to a customer. An asset is transferred when (or as) the customer obtains control of that asset. Revenue is measured at the transaction price which is determined based on the terms of contract and entity's customary practice. Amounts disclosed as revenue are inclusive of excise and duties, but exclusive of Goods and Service Tax (GST), which the company pays as principal and net of returns, trade allowances, rebates, and taxes collected on behalf of the government.

1.6 Property, Plant and Equipment:

Freehold land is carried at historical cost. All other items of property, plant and equipment are stated at historical cost less accumulated depreciation and impairment loss, if any. Historical cost includes all costs directly attributable to bringing the asset to the location and condition necessary for its intended use and initial estimation of dismantling and site restoration costs. Subsequent costs relating to property, plant and equipment is capitalized only when it is probable that future economic benefits associated with these will flow to the company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced.

Expenditure during construction/erection period is included under Capital Work-in-Progress and allocated to the respective fixed assets on completion of construction/erection.

Property, Plant and Equipment are componentized and are depreciated separately over their estimated useful lives as prescribed under Part C of Schedule II of the Companies Act, 2013.

Depreciation on buildings and plant and machinery is charged under straight line method and on the remaining assets under the diminishing balance method. The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the income statement when the asset is derecognised.

1.7 Inventories:

Inventories are valued at the lower of the cost (net of eligible input tax credits) or net realisable value (except by-products, waste and scrap which are valued at estimated net realisable value).

Costs incurred in bringing each product to its present location and condition, are accounted for as follows:

- Raw materials: Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on first in, first out basis.
- Finished goods and work in progress: Cost includes cost of direct materials and labour and a proportion of manufacturing overheads based on the normal operating capacity but excluding borrowing costs. Cost is determined on monthly weighted average basis.
- Stores and spares: Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on moving weighted average basis.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

1.8 Non-Derivative Financial Instruments:

The Company recognizes financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument.

1.8.1 Initial Recognition-

All financial assets and liabilities are recognized at fair value on initial recognition, except for trade receivables which are initially measured at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities, which are not at fair value through profit or loss, are added/ deducted to/from the fair value on initial recognition. Regular way purchase and sale of financial assets are accounted for at trade date.

1.8.2 Subsequent measurement-

For purposes of subsequent measurement, financial assets are classified in four categories:

- Debt instruments at amortised cost
- Debt instruments at fair value through other comprehensive income (FVTOCI)
- Debt instruments, derivatives and equity instruments at fair value through profit or loss (FVTPL)
- Equity instruments measured at fair value through other comprehensive income (FVTOCI)

(i) Debt instruments at amortised cost

A debt instrument is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR.

The Andhra Petrochemicals Limited

The amortisation of EIR is included in finance income in the profit or loss. The impairment losses and gain/loss on derecognition are recognised in the profit or loss.

(ii) Debt instruments at fair value through other comprehensive income

A debt instrument is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Debt instruments under this category are measured at fair value at each reporting date. Fair value movements are recognized in the other comprehensive income (OCI). However, the company recognizes interest income, impairment losses & reversals and foreign exchange gain or loss in the profit & loss. On derecognition, cumulative gain or loss previously recognised in OCI is reclassified from the equity to P&L. Interest earned whilst holding FVTOCI debt instrument is reported as interest income using the EIR method.

(iii) Debt instruments, derivatives and equity instruments at fair value through profit or loss

Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL (residual category).

In addition, the company may elect to designate a debt instrument, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch'). The company has not designated any debt instrument as at FVTPL.

All equity instruments in scope of Ind AS 109 are measured at fair value by the Company. Equity investments which are held for trading are classified as at FVTPL. For all other equity instruments, the Company decides to classify the same either as at FVTOCI or FVTPL. The classification is made on initial recognition and is irrevocable.

Financial instruments included within the FVTPL category are measured at fair value with all changes recognized in the P&L.

(iv) Equity instruments measured at fair value through other comprehensive income

The Company has made an irrevocable election to present the subsequent fair value changes in 'other comprehensive income' for its investments in equity instruments that are not held for trading. Fair value changes on the instrument, impairment losses & reversals and foreign exchange gain or loss are recognized in the OCI. Dividends are recognised in the Profit & Loss. There is no recycling of the amounts from OCI to Profit & Loss, even on sale of investment. However, the company may transfer the cumulative gain or loss within equity.

Financial liabilities are classified in two measurement categories:

- Financial liability measured at amortised cost
- Financial liability measured at fair value through profit or loss

(i) Financial liabilities measured at fair value through profit or loss

include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. The company has not designated any financial liability as at fair value through profit and loss.

(ii) Financial liability measured at amortised cost

All other financial liabilities are subsequently carried at amortized cost using effective interest rate (EIR) method, thereby resulting in amortisation of transaction costs and interest expenses through Profit & Loss over the life of the instrument. The EIR amortisation is included as finance costs in the statement of profit and loss.

1.8.3 Reclassification of financial assets-

The company reclassifies its financial assets only when there is a change in entity's business model for managing its financial assets.

1.8.4 Derecognition of financial instruments-

The company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under Ind. AS 109. A financial liability (or a part of a financial liability) is derecognized when the obligation specified in the contract is discharged or cancelled or expires.

1.8.5 Impairment of financial assets-

The Company applies expected credit losses (ECL) model for measurement and recognition of loss allowance on the following:

- a. Trade receivables
- b. Financial assets measured at amortized cost (other than trade receivables)
- c. Financial assets measured at fair value through other comprehensive income.

In case of trade receivables, the Company follows a simplified approach wherein an amount equal to lifetime ECL is measured and recognized as loss allowance.

In case of other assets, the Company determines if there has been a significant increase in credit risk of the financial asset since initial recognition. If the credit risk of such assets has not increased significantly, an amount equal to 12-month ECL is measured and recognized as loss allowance. However, if credit risk has increased significantly, an amount equal to lifetime ECL is measured and recognized as loss allowance.

ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original effective interest rate.

ECL impairment loss allowance (or reversal) recognized during the period is recognized as income/expense in the Statement of Profit and Loss under the head 'Other expenses'.

1.8.6 Offsetting of financial instruments-

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention either to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

1.8.7 Fair Value of Financial instruments-

In determining the fair value of its financial instruments, the Company uses a variety of methods and assumptions that are based on market conditions and risks existing at each reporting date. The methods used to determine fair value include discounted cash flow analysis, available quoted market prices and dealer quotes. All methods of assessing fair value result in general approximation of value, and such value may never actually be realized. For trade and other receivables maturing within one year from the Balance Sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

1.9 Employee Benefits include:

(i) Short term employee benefits-

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

The company recognises a liability and an expense for bonus only when it has a present legal or constructive obligation to make such payments as a result of past events and a reliable estimate of obligation can be made.

(ii) Long term employee benefits -

Liabilities for earned leave and sick leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured at the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Re-measurements as a result of experience adjustments and changes in actuarial assumptions are recognised in profit or loss.

The obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

(iii) Post employment benefits-

The company operates the following post-employment schemes:

- (a) Defined benefit plans such as gratuity: and
- (b) Defined contribution plans such as provident and pension funds.

Defined Benefit Plans -The liability or asset recognised in the balance sheet in respect of defined benefit gratuity plan is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method. Re-measurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income.

Defined Contribution Plans - The Company pays provident fund contributions to publicly administered provident funds as per local regulations. It has no further payment obligations once the contributions have been paid. The contributions are accounted for as defined contribution plans and the contributions are recognised as employee benefit expense when they are due. Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in the future payments is available.

1.10 Leases

The company has applied Ind AS 116 using the modified retrospective approach and therefore the comparative information has not been restated and continues to be reported under Ind AS 17.

As a lessee

The company recognizes a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. The estimated useful lives of right-of-use assets are determined on the same basis as those of property and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain re-measurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, company's incremental borrowing rate. Generally, the company uses its incremental borrowing rate as the discount rate.

Lease payments included in the measurement of the lease liability comprise the following:

- Fixed payments, including in-substance fixed payments.
- Variable lease payments that depend on an index or a rate, initially measured using the index or rate as at the commencement date.
- Amounts expected to be payable under a residual value guarantee; and

The Andhra Petrochemicals Limited

- The exercise price under a purchase option that the company is reasonably certain to exercise, lease payments in an optional renewal period if the company is reasonably certain to exercise an extension option, and penalties for early termination of a lease unless the company is reasonably certain not to terminate early.

The lease liability is measured at amortised cost using the effective interest method. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the company's estimate of the amount expected to be payable under a residual value guarantee, or if company changes its assessment of whether it will exercise a purchase, extension or termination option. When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

Short-term leases and leases of low-value assets

The company has elected not to recognise right-of-use assets and lease liabilities for short term leases of real estate properties that have a lease term of 12 months. The company recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

Under Ind AS 17

In the comparative period, leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases. Payments made under operating leases were recognised in profit or loss on a straight-line basis over the term of the lease unless the payments are structured to increase in line with the expected general inflation to compensate for the lessors expected inflationary cost increases.

1.11 Non-Current Assets held for Sale:

Non-current assets are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use and a sale is considered highly probable. They are measured at the lower of their carrying amount and fair value less costs to sell.

An impairment loss is recognised for any initial or subsequent write-down of the asset to fair value less costs to sell. A gain is recognised for any subsequent increases in fair value less costs to sell of an asset, but not in excess of any cumulative impairment loss previously recognised. A gain or loss not previously recognised by the date of the sale of the non-current asset is recognised at the date of de-recognition.

1.12 Foreign Currency Transactions:

The functional currency of the company is the Indian rupee and the financial statements are presented in Indian rupee rounded off to the nearest lakhs except where otherwise indicated.

Transactions in foreign currency are initially accounted at the exchange rate prevailing on the date of the transaction, and adjusted appropriately, with the difference in the rate of exchange arising on actual receipt/payment during the year.

At each Balance Sheet date

- Foreign currency denominated monetary items are translated into the relevant functional currency at exchange rate at the balance sheet date. The gains and losses resulting from such translations are included in net profit in the statement of profit and loss.
- Foreign currency denominated non-monetary items are reported using the exchange rate at which they were initially recognized.

Transaction gains or losses realized upon settlement of foreign currency transactions are included in statement of profit and loss.

1.13 Provisions:

A provision is recognized if, as a result of a past event, the company has a present legal or constructive obligation that is reasonably estimable, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. Provisions are reviewed at each reporting date and adjusted to reflect the current best estimate.

A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not require an outflow of resources embodying economic benefits or the amount of such obligation cannot be measured reliably.

When there is a possible obligation or a present obligation in respect of which, in the likelihood of outflow of resources embodying economic benefits is remote, no provision or disclosure is made.

1.14 Cash flow statement:

Cash flows are reported using the indirect method, whereby profit for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

Cash and cash equivalents:

Cash and cash equivalents include cash on hand and at bank, deposits held at call with banks, other short term highly liquid investments with original maturities of three months or less that are readily convertible to a known amount of cash which are subject to an insignificant risk of changes in value and are held for meeting short-term cash commitments. Equity investments and bank borrowings are excluded from cash equivalents. However, bank overdrafts which are repayable on demand are included as a component of cash and cash equivalents.

1.15 Impairment of assets:

The company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of its fair value less costs of disposal and value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

1.16 Income Taxes:

Income tax expense comprises current and deferred income tax. Income tax expense is recognized in net profit in the statement of profit and loss except to the extent that it relates to items recognized directly in equity, in which case it is recognized in other comprehensive income. Current income tax for current and prior periods is recognized at the amount expected to be paid to or recovered from the tax authorities, using the tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date.

Deferred income tax assets and liabilities are recognized for all temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred tax assets are recognized to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilized. The company offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

1.17 Earnings Per Share:

Basic earnings per share is computed by dividing the net profit for the period attributable to the equity shareholders of the Company by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period and for all periods presented is adjusted for events, such as bonus shares, other than the conversion of potential equity shares that have changed the number of equity shares outstanding, without a corresponding change in resources.

For the purpose of calculating diluted earnings per share, the net profit for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period is adjusted for the effects all dilutive potential equity shares.

Employer's Contributions to Provident and Pension Funds	115.47	113.60

Defined Benefit Plans:

A. The company provides for gratuity to the employees as per Payment of Gratuity Act, 1972. Employees who are in continuous service for a period of 5 years are eligible for gratuity. The amount of gratuity is payable on retirement/resignation. The gratuity plan is a funded plan and the company makes contributions to recognised funds in India.

The Company has a policy on compensated absences which are both accumulating and non-accumulating in nature. The expected cost of accumulating compensated absences is determined by actuarial valuation performed by an independent actuary at each balance sheet date using "Projected Unit Credit Method" on the additional amount expected to be paid/availed as a result of the unused entitlement that has accumulated at the balance sheet date. Expense on non-accumulating compensated absences is recognized in the period in which the absences occur.

B. The employees' gratuity fund scheme managed by a Trust is a defined benefit plan. The present value of obligation is determined based on actuarial valuation using the "Projected Unit Credit Method" which recognizes each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation. The obligation for compensated absences is recognized in the same manner as gratuity.

Note:2.41 Leases

As Lessee

During the Financial Year 2019-20, the Company (APL) has initiated the process of renewal of the Land Lease on which the plant is located with Visakhapatnam Port Trust (VPT) for a further period of 30 years with effect from 28.06.2019. APL has submitted its Technical & Financial Bid against the tender floated by VPT. As APL was the sole bidder for the Tender, VPT accepted both Technical Bid & Financial Bid. Later on, VPT has cancelled the tender and issued re-tender. Aggrieved by the action of VPT, APL has filed a writ petition under Article 226 before the Hon'ble High Court of Andhra Pradesh. The Hon'ble High Court of Andhra Pradesh has granted the stay on re-tendering. APL has continued its discussions with VPT from time to time and on 31st March, 2021 a joint meeting was held between the Executive Members of VPT and the President & G M (HR) of APL in the Office of the Chief Engineer VPT. The Chief Engineer, VPT has directed APL in the meeting to pay the lease rentals or otherwise penal interest @ three times will be levied. After seeking advice from the company's advocate, APL has paid the lease rentals due till 31.03.2021 and the advance rentals for the year 2021-22 as per APL bid in the original tender.

APL is pursuing for necessary execution of the lease agreement for another 30 years with effect from 28.06.2019. APL has considered provisionally its bid amount for accounting of "Leases" in accordance with Ind AS 116, till the matter is finally settled.

3.2 Fair Valuation Techniques

The fair values of the financial assets and liabilities are included at the amount that would be received on sale of an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

A) The following methods and assumptions were used to estimate the fair values

The fair value of cash and cash equivalents, trade receivables and payables, financial liabilities and assets approximate their carrying amount largely due to the short-term maturities of these instruments. The management considers that the carrying amounts of financial assets and financial liabilities recognised at nominal cost/amortised cost in the financial statements approximate their fair values. The fair value of unquoted equity investments designated and recognised through Other Comprehensive Income has been determined by using the Income approach through the present value techniques.

B) Fair value hierarchy

The fair value of financial instruments as referred to above note have been classified into three categories depending on the inputs used in the valuation technique. The hierarchy gives the highest priority to quoted prices in active markets for identified assets or liabilities [Level 1 measurements] and lowest priority to unobservable inputs [Level 3 measurements].

The categories used are as follows:

Level 1: Level 1 hierarchy includes inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date.

Level 2: Inputs that are observable either directly or indirectly for the asset or liability, other than quoted prices included within level 1.

Level 3: Inputs for the asset or liability which are not based on observable market data (unobservable inputs).

C) Statement showing the fair value hierarchy of the financial assets and liabilities measured at fair value on a recurring basis

Investment in Mutual Funds	14299.37	2865.81	Level 1

The Andhra Petrochemicals Limited

D) Management's approach and the key assumptions used to determine the fair value under Level 3 hierarchy:

Income approach is the valuation technique used for determination of the fair value of the unquoted equity instruments. It converts the future expected cashflows (savings in costs) to a single discounted amount by using the Present value techniques.

Financial asset	Unobservable inputs	Value assigned to key assumption	Approach to determining key assumption
Unquoted Equity instruments in APGPCL	Average Annual Savings	Rs 3.20 per unit	Estimated based on company's past experience
	No. of units of power	3900000 Units	Estimated that the company continues to hold the same no. of equity shares in the foreseeable future
	Cashflow forecast period	5 years	Reviewed the 5 year forecasts prepared by the technical personnel
	Long term growth rate (%)	2	This is the weighted average growth rate used to extrapolate cash flows beyond the budget period. The rate is consistent with forecasts included in industry reports.
	Discount rate (%)	11.65	Based on the company's cost of equity

E) Reconciliation of fair value measurement of unquoted equity shares classified as FVTOCI assets:

3.4 Financial risk management framework

A) The Company's Board of Directors has overall responsibility for the establishment and oversight of the Company's risk management framework. The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities. The Board of Directors monitors the compliance with the Company's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Company.

The risk management framework aims at,

- i) Improve financial risk awareness and risk transparency
- ii) Identify, control and monitor key risks
- iii) Identify risk accumulations
- iv) Provide management with reliable information on the Company's risk situation
- v) Improve financial returns

B) The company's activities expose it to market risk, liquidity risk and credit risk. This note explains the sources of risk which the entity is exposed to and how the entity manages the risk.

Risk	Exposure arising from	Measurement	Management
Credit risk	Cash and cash equivalents, trade receivables, financial assets measured at amortised cost	Aging analysis, credit ratings	Credit Limits and Letters of Credit
Liquidity risk	Borrowings and other liabilities	Rolling cash flow forecasts	Availability of committed credit lines and borrowing facilities
Market risk – Interest rate	Long term borrowings at fixed rates for one year	Sensitivity analysis	Credit rating
Market risk – Commercial risk	Price variations	Sensitivity analysis	Product manufacturing planning

a) Credit risk:

i) Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables), from cash and cash equivalents, deposits with banks. The management has a credit policy in place and the exposure to credit risk is monitored on an ongoing basis

ii) Financial assets that are neither past due nor impaired

Cash and cash equivalents, deposits with banks, security deposits, investments in securities & mutual funds are neither past due nor impaired.

Cash and cash equivalents, deposits are held with banks which are reputed and credit worthy banking institutions. Hence the expected credit loss is negligible.

Investments in securities & mutual funds are actively traded in the stock markets and there is no collateral held against these because the counterparties are entities with high credit ratings assigned by the various credit rating agencies. Hence the expected credit loss is negligible.

iii) Financial assets that are past due but not impaired

Credit risk arising from trade receivables is managed in accordance with the Company's established policy, procedures and control relating to customer credit risk management. The average credit period on sales of products is less than 45 days. All trade receivables are reviewed and assessed for default on a quarterly basis. For trade receivables, as a practical expedient, the Company computes credit loss allowance based on a provision matrix. The provision matrix is prepared based on historically observed default rates over the expected life of trade receivables and is adjusted for forward-looking estimates. The provision matrix at the end of the reporting period is as follows:

Ageing	Expected Credit Loss (%)
Within the Credit Period	0%
Upto 60 days past due	0.25%
60-90 days past due	0.5%
More than 90 days past due	1%

b) Liquidity risk:

i) Liquidity risk is defined as the risk that the Company will not be able to settle or meet its obligations on time or at a reasonable price. The Company's objective is to maintain optimum level of liquidity to meet its cash and collateral requirements at all times. Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit line to meet obligations. Due to the dynamic nature of underlying business, company maintains flexibility in funding by maintaining availability under committed credit lines.

ii) Maturities of financial liabilities

The table below analyses the company's financial liabilities into relevant maturity groupings based on their contractual maturities for all non derivative financial liabilities:

As on March 31, 2021

3.5 Capital management

The company's objectives when managing capital is to safeguard their ability to continue as a going concern, maintain a strong credit rating and healthy capital ratios in order to support its business and provide adequate return to shareholders through continuing growth and maximise the shareholders value. The company sets the amount of capital required on the basis of annual business and long term operating plans which include capital and other strategic investments. The funding requirements are met through a mixture of equity, internal fund generation and borrowed funds. The company tries to maintain an optimal capital structure to reduce cost of capital and monitors capital on the basis of debt-equity ratio.

Note. 4 Significant accounting estimates and assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below.

The company based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the company. Such changes are reflected in the assumptions when they occur.

4.1 Property, Plant and Equipment

Property, plant and equipment represent a significant proportion of the asset base of the Company. The charge in respect of periodic depreciation is derived after determining an estimate of an asset's expected useful life and the expected residual value at the end of its life. The useful lives and residual values of company's assets are determined by management at the time the asset is acquired and reviewed periodically, including at each financial year end. The lives are based on historical experience with similar assets as well as anticipation of future events, which may impact their life, such as changes in technology.

4.2 Impairment of non-financial assets

Impairment exists when the carrying value of an asset or cash generating unit exceeds its recoverable amount, which is the higher of its fair value less costs of disposal and its value in use. The fair value less costs of disposal calculation is based on available data from binding sales transactions, conducted at arm's length, for similar assets or observable market prices less incremental costs for disposing of the asset. The value in use calculation is based on a DCF model. The cash flows are derived from the budget for the next five years and do not include restructuring activities that the company is not yet committed to or significant future investments that will enhance the asset's performance of the CGU being tested. The recoverable amount is sensitive to the discount rate used for the DCF model as well as the expected future cash-inflows and the growth rate used for extrapolation purposes.

4.3 Impairment of Financial assets

The impairment provisions for financial assets are based on assumptions about risk of default and expected loss rates. The company uses judgement in making these assumptions and selecting the inputs to the impairment calculation based on the company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

4.4 Leases

The Company has taken the commercial properties under contractual agreements for its business operations. Its accounting involves significant management judgement for identification, classification and measurement of lease transactions at the time of lease commencement. The assessment of the lease liability and Right of Use asset under lease arrangements are based on the assumptions and estimates of the discount rate, lease term including judgement for exercise of options to extend or terminate the contract, dismantling and restoration costs, escalation in rentals etc. Further, these will be continuously monitored at each reporting period to reflect the changes in the agreements and management estimates.

4.5 Taxes

Deferred tax assets are recognised for unused tax losses to the extent that it is probable that taxable profit will be available against which the losses can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

4.6 Employee benefits (gratuity and compensated absences)

The cost of the defined benefit plans and the present value of the gratuity/compensated absences obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

The parameter most subject to change is the discount rate. In determining the appropriate discount rate for plans operated in India, the management considers the interest rates of government bonds. The mortality rate is based on publicly available mortality tables for the specific countries. Those mortality tables tend to change only at interval in response to demographic changes. Future salary increases and gratuity increases are based on expected future inflation rates.

4.7 Fair value measurement of financial instruments

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the DCF model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

4.8 Provision for decommissioning

The company has recognised a provision for decommissioning obligations associated with the leased premises on which the plant is super structured. In determining the fair value of the provision, assumptions and estimates are made in relation to discount rates, the expected cost to dismantle and remove the plant from the site and the expected timing of those costs.

4.9 Contingencies

Management judgement is required for estimating the possible inflow/ outflow of resources, if any, in respect of contingencies/ claims/ litigations against the Company/ by the Company as it is not possible to predict the outcome of pending matters with accuracy.
